

INFORMATION AND TRAINING CENTRE InfoDanube

The information and training centre **InfoDanube** is arranged on board CERONAV's pontoon located in the port of Galati. It is a multifunctional space consisting of a multimedia information area, a showroom and an interactive training area allowing the organization of thematic tours, workshops, symposia, round tables as other such events.

InfoDanube is mainly aimed at:

- providing free access to knowledge and information about inland waterway transport;
- promoting inland navigation activities, attract workforce and encourage development of entrepreneurial spirit of youngsters;
- acting as binding agent between relevant authorities or employers and potential job aspirants so as to achieve actual liaison between the education system and the labour market.

InfoDanube offers visitors an insight into all Danube related activities (transport, port operations, navigation, jobs etc.) as well as the possibility to experience real life situations such as steering a vessel, search and rescue operations, anchorage, mooring and route planning.

InfoDanube addresses the general public, pupils from secondary/ vocational schools and colleges, students, teaching staff, port and transport operators, IWT professional associations and organizations, tourists.

Address: Pier 13/14, Port of Galati
